

## Mid Air Collision and Bird Strike Avoidance

Mid-Air Collisions and/or Bird Strikes can be Deadly! Video & Discussion of Scanning Techniques, Richard Mend will identify proven techniques to prevent collisions between airplanes and birds. These techniques include when to turn on lights, how to enlist air traffic controllers, and where and when to expect bird strikes, and possible mid air collisions between airplanes. Seminar length: 2 hours.

**Directions:** New terminal building in prop Park On Balboa between Stagg Street and Roscoe On Van Nuys Airport
