

# The 3 Biggest VFR & IFR Radio Mistakes, (or how NOT to make them!)

Radio communication, especially in the busy LA basin, can be confusing and hectic. There are 3 common mistakes that VFR and IFR pilots make that can cause confusion, delays, or even dangerous situations. PLUS the one radio communication you are required to do that, **ALMOST NO ONE DOES**, and why this mistake can actually cost lives.....Come spend 90 minutes in a funny and entertaining class that is guaranteed to make flying in LA easier and safer for everyone!

**Directions:** At the main terminal cross streets of Zamperini / PCHNOTE: Time - '6:30 is start of TAA Meeting, Communications class to immediately follow starting at 7:00pm'

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
