

'Always on Final' - - Cross-country Adventures in a Vintage J-3 Cub

Each summer since 2004, Bern Heimos has flown his vintage 1939 Piper Cub coast-to-coast across America. Generally each adventure totals about 6,000 miles over a four to six week period. He chooses different routes to learn more about our country and to experience a variety of flying challenges.

The goal of the presentation is to bring a different paradigm to pilots considering “low and slow” cross-country flights. Let’s face it – if by low and slow we mean flying at the lowest legal altitude above ground, you are always on final approach...

Directions: On Sand Canyon Avenue between the 5 and 405. Corner of Sand Canyon and Waterworks Way. Turn left after entering parking lot from Sand Canyon. Follow signs to Community Conference Room in 15500 Sand Canyon building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
