

Paper vs Ipad Cross Country Flight Planning Challenge!

Come spend an evening with two experts who will compare cross country and weather flight planning using paper charts and ForeFlight on the Ipad! This hands on entertaining class will teach you everything from flight planning, to fuel savings, weather and use in emergencies! Join in the fun as Airline Captain, CFI Mike Jesch uses paper, plotter and an E6B to challenge Master Instructor Gary Reeves on his Ipad in a flight planning duel! You will learn advantages to both and most importantly why you should use both methods!

Directions: All FAA Safety Classes are held on the 3rd Floor.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
