

Night Flying - New Tips and Tricks to make night easier and safer!

Come spend an evening with an expert who will teach you new tips and tricks to stay safe and enjoy flying more at night. Learn why night flying is better and easier in many ways than day flying. This hands-on entertaining class will teach you everything from flight planning, emergencies and, at least 3 new cool tricks most people don't know! If you are new to night flying or an old pro come spend a great evening and network with 35+ other local pilots.

Directions: Big, Green Glass, Four Story Building, First Driveway Past Airport Ave. (College Dr. - traffic light) Southeast Corner of KSMOGo down hill into big free parking lot First Floor Room 123

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
