

The 3 Biggest VFR & IFR Radio Mistakes, (or how NOT to make them!)

Radio communication, especially in the busy LA basin, can be confusing and hectic. There are 3 common mistakes that VFR and IFR pilots make that can cause confusion, delays, or even dangerous situations. PLUS the one radio communication you are required to do that, ALMOST NO ONE DOES, and why this mistake can actually cost lives.....Come spend 90 minutes in a funny and entertaining class that is guaranteed to make flying in LA easier and safer for everyone! Gary Reeves, ATP, CFI, CFII, MEI has over 5000 hours and is a very popular aviation public speaker. His Seminars in the LA Basin have 100+ attendees and are standing room only - PLEASE register early and arrive by 6:30 to guarantee a seat!

Directions: Private Event for Wings of Faith For More Information, Please Email Jim Yost yostcoates@aol.com

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
