

WINGS: What, Why, How also a look into Lockheed Martin's latest Flight Planning Tools

FAASafetyTeam Lead Representative Robert Baker will take a look under the hood of FAASafety's WINGS Pilot Proficiency Program and also dig into Lockheed Martin's latest Flight Planning Tools. Bring your laptop or tablet to follow along as we walk through the signing up, exploring, choosing, preparing, and validating your participation in the WINGS Program, both as pilot and instructor; we'll then explore Lockheed Martin's latest outstanding Flight Planning Tools. This program will help make you a safer pilot no matter how, or why, you fly!

Directions: • Be at YANKS by 6:20 to check out the museum, grab a cup of coffee and get a seat.
• FLY-IN to KCNO & Taxi to Yanks

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
