

FAASTeam presents:

# **ALL THAT GLITTERS - - The Importance of a Thorough Pre-Flight and Pre-Buy Inspection**

Our November EAA Chapter 92 program will be of interest to everyone who flies, owns, is considering buying, or maintains a piston-engine aircraft, and wants to be certain the aircraft is fully airworthy and structurally sound.

Ray Hecker, AE and Roland Koluvek, A&P present their inspection and corrective actions required associated with the Pre-Purchase Inspection (Pre-Buy) and Annual Condition Inspection of a popular plans/kit built experimental airplane, a Sequoia Falco F.8L. The example airplane was the Plans Built Grand Champion Homebuilt at Sun 'n Fun '91 and was featured on the EAA's "Sport Aviation" Magazine September 1991 cover.

**Directions:** On Sand Canyon Avenue between the 5 and 405. Corner of Sand Canyon and Waterworks Way. Turn LEFT after entering parking lot from Sand Canyon. If entering from Waterworks Way, continue through parking lot to SECOND building. Follow signs to Community Conference Room in 15500 Sand Canyon building.

### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
