

Keeping the Sunny Side Up

Judy Phelps, Master CFI-Aerobatic will talk about Spins and Unusual Attitudes. She will cover how to get yourself into and out of these situations but more importantly how to avoid them! She will incorporate actual video taken during training flights to give the pilot's perspective inside the cockpit. This is a class for all pilots and student pilots to learn about stalls, spin dynamics, overbanked recoveries and much more.

Directions: This free safety seminar is part of the 3 day Flying Aviation Expo. For more information and admission please visit: www.Aviation-Xpo.com

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
