

iPad in the Cockpit 101

The iPad is a great tool in the cockpit, but only if you know how to use it properly. Proficiency improves safety. This seminar will cover all the basics and discuss popular apps and iPad accessories. If you are using or thinking of using an iPad, iPad Mini, iPhone or iPod Touch for flying, you won't want to miss this informative seminar.

Directions: This free safety seminar is part of the 3 day Flying Aviation Expo. For more information and admission please visit: www.Aviation-Xpo.com

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
