

The Voices In Your Head Set

Air Traffic Controllers are meant to be heard, and not seen, and we seldom get a chance to visit with them in person. Come face to face with the voices on your radio, who work day and night to help you safely to your destination. Bring your toughest questions and find out what really happens on the other end of the radio!

Directions: Exit the 5 or 91 Freeway at Magnolia Ave northbound. Turn left on Commonwealth Ave. In about 1/4 mile, you'll pass the airport terminal and ATC tower building; AFI is the next building to the west. AFI Main Hangar, next to self-serve fuel island west of the terminal building.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
