

FAASTeam presents:

# ForeFlight 101 Learn How and Prosper

Learning how ForeFlight unlocks Flight Planning Magic. Lots of audience participation! Seminar length: 2 hrs.

Today's Airspace and today's challenging demands exceed those present in years past. Folks today usually don't solo in ten hours anymore. ForeFlight helps navigating today's environment easy and efficient. Survey your flight's weight and balance. See the TFRs. See your position on the approach plates, get the weather, know your fuel requirements, and so much more! Join us for ForeFlight 101, explore the future today!

Why Not Be Prepared?

Lots of Video explanations, and graphics that will help illustrate the topics, and everyone will be able to take an active role in this exciting attendee participation-oriented seminar.

**Directions:** Transient Parking at the base of the tower. The GAC is in the adjacent building.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Join us on Facebook: <https://www.facebook.com/groups/GASafety/>

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
