

FAASTeam presents:

VMC CLUB - VFR FLIGHT SCENARIOS DISCUSSION with Jay Mason

For our May EAA Chapter 92 meeting, join us for a relatively new meeting program format: the VMC Club. The idea is to present several VFR flight scenarios to the group for discussion, under the guidance of a flight instructor. The scenarios are presented as a short video, and are designed to confront the VFR pilot with making difficult decisions on how / whether to initiate or continue the flight, and how to resolve difficult situations. There are no right or wrong answers, but the group gets to define and evaluate the risks and sort out the best way to proceed.

Directions: On Sand Canyon Avenue between the 5 and 405. Corner of Sand Canyon and Waterworks Way. Turn LEFT after entering parking lot from Sand Canyon. If entering from Waterworks Way, continue through parking lot to SECOND building. Follow signs to Community Conference Room in 15500 Sand Canyon building.
