

N/A presents:

Ask A CFI

Now that AFI Flight Training has departed the field, we have gathered a group of local CFIs to answer your questions about the future of flight training here at KFUL. Those participating will make short presentations about a flight safety topic or training opportunity and then answer your questions about flight training, flight reviews, the Wings Safety program and local airport flight safety. Information about how the former AFI facility will be utilized and what pilots at Fullerton Airport can expect in the future. Come with questions, ideas, and suggestions about resources you would like to see on our airport to improve your flying experience!

Directions: Meeting room is the main maintenance hangar at Aviation Facilities, Inc (AFI), which is the building west of the main terminal building at the airport.
