

FAASTeam presents:

# IMC Club with Rob Reddeg and Jay Steffenhagen

For our July EAA Chapter 92 meeting, we will reprise a recent presentation by Rob Reddeg of SoCal TRACON for the Bracket IMC Club, supplemented by discussions guided by an experienced local flight instructor, Jay Steffenhagen.

Rob Reddeg (National Air Traffic Controllers Association) will be presenting ATC operations in the Southern California area. This will be a great opportunity to review local concerns and listen to discussions with Rob of possible alternatives that might be available to instrument pilots looking to improve their proficiency through practice approaches.

**Directions:** On Sand Canyon Avenue between the 5 and 405. Corner of Sand Canyon and Waterworks Way. Turn LEFT after entering parking lot from Sand Canyon. If entering from Waterworks Way, continue through parking lot to SECOND building. Follow signs to Community Conference Room in 15500 Sand Canyon building.

### **A message from the National FAASafety Team Manager**
