

FAASTeam presents:

# **Drones and the National Airspace System with Jay Seidel**

For our June EAA Chapter 92 meeting, join us for:

– Drones, Remote Identification, and the Coming Integration of Drones in the National Airspace System Jay Seidel –  
Drones are used in a variety of industries and package delivery will be starting soon. This means more drones in the air and more opportunities for drone pilots. So, how are these drones looking to integrate into the national airspace safely with manned aircraft? What are the regulations and what will be happening with drones in the future?

**Directions:** On Sand Canyon Avenue between the 5 and 405. Corner of Sand Canyon and Waterworks Way. Turn LEFT after entering parking lot from Sand Canyon. If entering from Waterworks Way, continue through parking lot to SECOND building. Follow signs to Community Conference Room in 15500 Sand Canyon building.

#### **A message from the National FAASafety Team Manager**
