

Drones and their Autonomous Integration in the National Airspace System with Jay Seidel

Event Details

Join us for our April 2025 EAA Chapter 92 meeting with a presentation about drones and their Autonomous Integration into the National Airspace System. Drones are increasingly used in a variety of industries. This means more drones in the air and more opportunities for drone pilots. But, how are these drones going to integrate into the national airspace safely with manned aircraft? What are the regulations and what will be happening with drones in the future?

On Sand Canyon Avenue between the 5 and 405. Corner of Sand Canyon and Waterworks Way. Turn LEFT after entering parking lot from Sand Canyon. If entering from Waterworks Way, continue through parking lot to SECOND building. Follow signs to Community Conference Room in 15500 Sand Canyon building. This program will last approximately 1.5 hours.

Tue, Apr 1, 2025 at 19:00 PDT
