

Runway Incursions - An In Depth Look

After a brief review of a few regulations the topic will be an interactive deep dive into an Aviation Safety Reporting System report as filed by the CFI detailing the events which led to a runway incursion. The audience will help identify and discuss those events, many things were a contributing factor.

Speaker Gary Palmer is an FAA Safety Team Representative and a Commercial Instrument rated pilot with CFI, AGI, and IGI Ratings.

Park in the Western Museum of Flight parking lot and enter through the people gate. Then walk to Pacific Skies at the end of the hangar row. This program will be approximately 1.5 hours.
