

Game of Drones

Large-size drone aircraft are used around the world for a variety of purposes, flown both by pilots based "in theater", and sometimes by pilots based here in the States. With a long and varied career in aviation, Rich Martindell spent several years operating these aircraft and will discuss what it takes to become a drone pilot, and some of his experiences in this arena.

Lt Col Richard Martindell is a US Air Force Veteran, having flown the F-4 and F-15 at bases around the world. He worked for several years for King Schools in San Diego, and was the FAA Safety Team Representative Of the Year in 2016.

Meeting room is the main facility for Hangar 21 where Magnolia Ave ends at Commonwealth Ave. This event will last approximately one hour.
