

Mountain Flying

Operating at high density altitudes and on unimproved strips in the "Back Country" demands extra performance from both the aircraft and the pilot. Join us as local member and back country pilot Howie Bohl shares some of his experience and tips on how you can safely prepare to fly in these realms.

Meeting room is the main facility for Hangar 21, where Magnolia Ave ends at Commonwealth Ave. This event will last approximately 1.5 hours.

A message from the National FAASafety Team Manager
