

AWP204 AZ FAAS Team presents:

# **Operation Raincheck - A TRACON and KTUS Control Tower Experience (AMENDED)**

The FAA Safety Team and Tucson TRACON join forces to present....

Terminal Radar Approach Control, a comprehensive ATC Experience!!

with guest speakers from Tucson TRACON and Tucson International Airport & Ryan Airfield Control Towers.

**\*\* Door Prizes!!! \*\***

**\*\* Including a Tour of Tucson TRACON!!!! \*\***  
(details below)

Have you ever wondered what it is like behind the scenes of ATC?? This is a rare opportunity to meet and interact with representatives from the various ATC facilities in our area, and a chance to even see ATC in action!! Improve your IFR operating techniques. Learn how a control tower and approach control operate. Learn about radar control, flight following, and the many other services offered by these facilities. Learn why you encounter delays on take-off, on arrival, and why you are re-routed, and many other problems associated with IFR flight.
