

Aircraft Airworthiness Requirements under 14CFR for G.A. Pilots & Mechanics

1. Presentation and discussion of Regulatory and Safety Airworthiness requirements, considerations and responsibilities related to ownership, operation and maintenance of aircraft by Pilots and Mechanics and required record keeping under 14CFR, Parts 91, 43, 39, 45.
2. Short review of DVT airport progress in improvements and other items of useful information.

Directions: Enter main entrance from east side of 19th Ave., 1/4 mile south of Deer Valley Rd. intersection. Turn right into the parking lot west of the facility building and park. Walk across to the opposite of the parking lot to the west side of the building to an illuminated area, where a guard will direct you to the conference room.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
