Sedona Airport's Family Fun Day - 2013

September 21, 2013

9 am. to 3 pm.

Sedona Airport will host a family fun day on September 21, 2013 from 9 a.m. to 3 p.m. See lots of really cool aircraft - from old military, antiques and restored to new, modern, state of the art aircraft with full glass cockpits. Walk and talk with pilots and learn about the world of aviation. Enjoy visiting with emergency helicopter personnel.

Also, enjoy the Sedona Car Club's classic car show with over one hundred really cool, really neat cars from around the state all competing for prizes and awards and your vote for "best".

This day should be a wonderful event for the whole family

This year we will have a wonderful Airport Fly-in, Aircraft Display

Special Note for Pilots

SUBJECT: Sedona Airport Flyin, Sept 21 - Pilots & Display Aircraft Invited and Needed...

On Sept 21, from 9 a.m. to 2 p.m. Sedona Airport will be hosting an open house and fly-in along with a state-wide classic car show, food, entertainment, and lots of friendly pilots.

We are also offering our fuel at the "local" discounted price to all pilots flying in.

If you own an aircraft and feel it would be a crowd pleaser and want to put it on display, we will buy up to 15 gallons of fuel to help offset some of the cost of flying to Sedona Airport KSEZ. We need 20 or so aircraft to have a good showing - so please do consider sharing your cool aircraft and love of flying with the 2,000+ or so we expect to attend.

This is Sedona Airport's Major Event for the Year - It's our opportunity to show off and share our airport with the boys and girls, moms and dads, and all the folks from the area to enjoy airplanes, cars, kids activities, food, and the fellowship that pilots, airplane owners and classic car owners are known for.. So, put us on your calendar and come to Sedona Airport on September 21... the weather is guaranteed to be great... :-)

RSVP to Al Comello, al@sedonaairport.org or call 928-862-0210

Display aircraft should be here by 8 a.m. for the set up.

PASS THIS ON TO OTHER EAA MEMBERS AND PILOTS AROUND THE SOUTHWEST....
