

# Arizona General Aviation Accident & Incident Analysis for FY 2013

Randy Prine, FAA FAAST Program Manager for Arizona will present the latest compiled data on general aviation accidents and incidents in the state of Arizona. The relationship to "training vs non-training" and what the data reveals. Additionally, any divergence in type of occurrences associated with either "experimental vs standard category" aircraft will be discussed. This program will be of one (1) hour duration and will reveal interesting facts that may be somewhat surprising.

**Directions:** Wiseman Aviation hangar, Flagstaff-Pulliam Airport

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
