

Pilot-Controller Forum

Communications are so important in aviation.

Come learn how both sides of the radio can improve by getting answers from Tucson Tower, Tucson Approach Control, Flight Service and the Scottsdale FSDO. The seminar will begin with a presentation on Runway Safety, signs, and markings, by Samir Kanuga, FAASTeam Lead Representative. ATC Controllers will also be able to get their questions answered by pilots in attendance!

Directions: Follow Park Ave all the way south past the airport to the gate entrance to Pima Community College. Follow signs to the meeting location from the parking lot.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
