

Runway Incursion Prevention and Pilot Controller Forum

Come learn and discuss techniques to keep a runway incursion out of your future. This briefing contains items primarily focused on KDVT operations, but is applicable to all airports/pilots. Following the presentation on runway incursion prevention strategies, there will be updates and an open forum from the Deer Valley Airport Manager as well as the Deer Valley Tower ATC staff. If you have a technique or question about preventing Runway Incursions, or you have a question about Air Traffic Management at KDVT, or you want to know about upcoming/past Airport improvements, then this Safety Seminar is for you.

Directions: From the 101 Pima freeway exit 7th Ave and proceed north for one mile. The airport restaurant is located in the main terminal building. Major cross streets are West Deer Valley road and 7th Avenue.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
