

Hot Weather Flying

Flying in Arizona's Summer's can be brutal. This seminar aims to give you a solid understanding of some of the dangers of flying in AZ Summers.

We will review some case studies, discuss some areas of human physiology and ways to prevent yourself from falling prey to AZ's heat.

Directions: From US60, head east from Phoenix and exit at Higley. Head North to Falcon Drive and then head west and CAE will be on your right, North of the street. Park in the parking lot across the street to the South.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
