

Yuma Safety Seminar - Cross Country and Mountain Flying

Cross country flights can be as short as 50 miles or all the way across the country. In Arizona, mountain flying can be a challenge, and we don't have far to go to find some very challenging mountainous conditions.

Directions: For Fly in, park at the FBO, and get a shuttle to the main terminal building. If driving, park at the main terminal building. The meeting room is on the second level.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
