

FAASTeam presents:

# Mystery Safety Theater

**MYSTERY SAFETY THEATER** - A good pilot is always learning. In this seminar we walk through past accident scenarios, with key decision making points. Will the audience choices take them to an accident or prevent an accident? This seminar is a series and will be hosted once every other month. Every seminar presents several different case studies.

**Directions:** From US60, head east from Phoenix and exit at Higley. Head North to Falcon Drive and then head west and CAE will be on your right, North of the street. Park in the parking lot across the street to the South.

From Phoenix, head east on L202 (north side) to the first Higley exit. Head south to Falcon Drive and then head west and CAE will be on your right, North of the street. Park in the parking lot across the street to the South.

**FLY-INS: PLEASE PARK AT TRANSIENT RAMP.** Do not park on the CAE ramp. Once parked on transient, walk to the CAE building and knock at the door closest to the north windows on the West side of the building to be let in or call 480-703-6096 for access.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
