

FAA Safety Team presents:

# **VMC Club Meeting - Mastering the Art of Aviation**

Guest speaker Erik McCormick from Arizona Home and Hangar will discuss the various aspects of finding, owning and living in a private airport community. If you ever dreamed or even wondered about living in a airport community here is your chance to ask the experts. We will follow the presentation with our standard safety scenario discussion.

EAA/VMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building flying knowledge and skills. The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, aviation professionals provide informative WINGS presentations. Membership in the EAA/VMC Club is encouraged but not required to participate in this meeting. For more information and to take part in this event, click the link below and register TODAY!

**Directions:** Park in front of the main terminal building. Entrance to the meeting room is from the outside on the left side of the main terminal door.
