

FAA Safety Team presents:

VMC Club Meeting - Mastering the Art of Aviation

Topic: Risk Mitigation Strategies for Pilots and Airpark Owners

Residential Airpark Safety Discussion: Make your aviation home and hangar community wonderful and safe!

Presentation by Erik McCormick

****For those interested, Erik will give a short "non" WINGS credit presentation "580 Airparks - One Singular Community", which may be of particular interest to anyone who owns or is considering ownership in a residential airpark. This will follow the WINGS-credited safety portion of our meeting. Those interested are welcome to stay. EAA/VMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building flying knowledge and skills. The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, aviation professionals provide informative WINGS presentations. Membership in the EAA/VMC Club is encouraged but not required to participate in this meeting. For more information and to take part in this event, click the link below and register TODAY!**

Event Details

Tue, Sep 3, 2019 - 18:30 AZST
Chandler Municipal Airport
