

Hybrid - GEU Pilots and Controllers Forum

This is an opportunity for Glendale Pilots and Tower Controllers to discuss issues on airport operations and procedures, and to bring up any problems and proposed solutions to improve safety. Users of Glendale airport are encouraged to attend, including flight school instructors and students, aircraft owners based at GEU, and any users of Glendale Airport.

Directions: From the SR 101 (Agua Fria Freeway), take exit 7B, Glendale Ave. and turn west toward Glendale Municipal Airport. Approximately 1 mile. Turn Left onto Glen Harbor Blvd (Airport Entrance). Just past the Median there is signage that directs you to West-MEC parking.
For Fly-Ins, it is a short walk from the main terminal to the north end of the airfield, outside of the airport flight line boundary.
