

# IMC Club Monthly Meeting - EAA Chapter 1445 - All Pilot Welcome - EAA Membership Not Required

## Event Details

The EAA IMC Club provides a "hangar flying" experience organized around instrument flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences. We also have occasional guest speakers.

### **This Month:**

**The scenario we will discuss is titled "Bumpy Ride", and describes an actual flight as follows: Our pilot is faced with deteriorating weather conditions after a flight already jostled by increasing winds and turbulence.**
