

Phoenix Deer Valley and Scottsdale Pilot/Controller Forum - Hybrid

This one and a half hour lecture/discussion is an opportunity for all users of the north valley airspace surrounding Phoenix Deer Valley to directly speak with DVT air traffic controllers. Ever wonder what the controller wants when they say "Stand-by or Continue?" This is your chance to ask. Want to know where pilots are causing Pilot Deviations on the surface or in the airspace, this is your time to ask. Ever wonder if you have to go-around with an airplane on the runway ahead of you and the controller has cleared you to land? This is your time to ask. Ever wonder whether the SATR is active if Luke Approach is open on the weekend? This is your time to ask. As the From the Flight Deck Video for Deer Valley Airport states, "Know before you go."

If flying, park at the transient area in front of the terminal. Walk directly through the terminal and Aeroguard will be to the left/east of the parking lot (*see below).

If driving, from AZ Loop 101 take 7th Ave Exit (Exit 25). Head north for one miles to Deer Valley Road. Continue through the stop light directly into the Deer Valley Terminal Parking lot. You may park anywhere in the parking lot.

*Proceed to the Aeroguard class room building by walking along the east service road inside the fence line that parallels Deer Valley Road. The classroom building is the smaller one story building, east, behind the larger Aeroguard building you see from the parking lot. Proceed to the double glass doors facing a small parking lot used by the staff of Aeroguard. Someone will be manning the doors to let you in. We will be in the classrooms in the back of the building and the hallways will lead you to the classrooms. The large building in front of the classroom building hosts the dispatch counter and the door is locked. If you get lost you can knock on the door and the staff will direct you in the proper direction.

Only if Attending Virtually:

DO NOT register on SPANS, instead register on Zoom via the link below.

Register in advance for this meeting:

<https://faavideo.zoomgov.com/meeting/register/PWRp0wmQQxqcpoqjRGspfA>

After registering, you will receive a confirmation email containing information about joining the meeting.

If the link fails, please cut/paste it into a browser.
