

## The WINGS Program and Avoiding Controlled Flight Into Terrain

This two hour seminar will present the details of the WINGS program and how pilots can participate. The benefits of participating will be highlighted and attendees will gain an understanding of how to use faasafety.gov to facilitate participation. The presentation will also show CFIs how to provide and validate activity credit. The second half of the evening will concentrate on avoiding the errors pilots make that lead to controlled flight into terrain accidents.
