Please join us at Phoenix TRACON for Operation Raincheck, presented by the National Air Traffic Controllers Association (NATCA) and the FAA. This program allows controllers and pilots to interact one-on-one with a short presentation followed by a question and answer session. Discussions will include best operating practices, review of Phoenix area hot spots, Class Bravo transition and general overview of what controllers do at the TRACON. We will conclude with a tour of the TRACON and PHX Tower.

PHX ATCT/TRACON is located between Terminal 3 and Terminal 4. Look for the big air traffic control tower!

The closest parking to the facility is in Terminal 3, Short Term Parking Garage.
