

HYBRID - The WINGS Program and Preventing Controlled Flight Into Terrain CFIT

Event Details

This seminar will present the details of the WINGS program and how pilots can participate. The benefits of participating will be highlighted and attendees will gain an understanding of how to use faasafety.gov to facilitate participation. The presentation will also show CFIs how to provide and validate activity credits.

The second half of the presentation will look at the Hazard of Controlled flight into terrain. We will review recent case studies and causal factors, and conclude with strategies to prevent a CFIT from occurring in your future.

This event is planned to conclude at 1500 AZ (2200 GMT)

This is a "hybrid" meeting providing an opportunity to attend via Zoom or in person.
Please register for only one using the appropriate method below.

Sat, Nov 22, 2025 at 13:00 AZST
