

Phoenix ATCT/TRACON is located between Terminal 3 and Terminal 4. The closest place to park is in the Terminal 3 Short-Term Parking Garage located immediately West of the facility. We are unable to validate parking, so this will be at your expense. We are accessed on the westbound side of the Sky Harbor Blvd Loop, also referred to as the "South Curb" of the terminals.

Enter the facility at the southwest corner through the guard building. Please bring valid photo ID to get through security. All visitors are subject to security screening and must be US Citizens unless coordinated ahead of time.
