Just before the Power Hour Lesson begins check your email for the link to join the webinar

Maintaining your EFB is as important to safety as maintaining your aircraft in an airworthy condition, and in flight is not the time to find out you forgot an important detail. It is all about managing risks.

Join us for this 1 hour presentation as Mike shares backup strategies, battery management, database currency, and keeping paper skills alive.

Open Mic discussion follows the presentation. Your aviation questions answered live.
