

Pilot/Controller Forum - Deer Valley Airport (KDVT) ATCT Tower

This one-hour Pilot/Controller Forum will bring together representatives from local flight schools, the KDVT Air Traffic Control Tower, Deer Valley Airport Operations, and the FAA Safety Team. This forum provides a platform to discuss safety concerns, address common mistakes, and improve communication between pilots and controllers.

Pilots of all experience levels are encouraged to attend. Bring your questions for an open Q&A session with tower representatives!

This event is in person with limited seating—register in advance!

Select #: WP07145573

Representative SAMIR SUNIL
KANUGA n/a

If flying, park at the transient area in front of the terminal. Walk directly through the terminal and Aeroguard will be to the left/east of the parking lot (*see below).

If driving, from AZ Loop 101 take 7th Ave Exit (Exit 25). Head north for one miles to Deer Valley Road. Continue through the stop light directly into the Deer Valley Terminal Parking lot. You may park anywhere in the parking lot.

***Proceed to the Aeroguard class room building by walking along the east service road inside the fence line that parallels Deer Valley Road. The classroom building is the smaller one story building, east, behind the larger Aeroguard building you see from the parking lot. Proceed to the double glass doors facing a small parking lot used by the staff of Aeroguard. Someone will be manning the doors to let you in. We will be in the classrooms in the back of the building and the hallways will lead you to the classrooms. The large building in front of the classroom building hosts the dispatch counter and the door is locked. If you get lost you can knock on the door and the staff will direct you in the proper direction.**

A message from the National FAASTeam Manager
