

VMC Club Monthly Meeting - EAA Chapter 1445 - All Pilot Welcome - No Membership Required

Event Details

The EAA VMC Club provides a "hangar flying" experience organized around visual flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences. We also have occasional guest speakers.

This month's guest Speaker Pimwadee Limsirichai will recount her recent experience with power loss due to carb ice, the conditions under which it developed, how she detected it and dealt with it, and how to prevent it.

Bring your EFB, your experience, and your questions, and be ready to participate.
