FAA Safety Team presents:

VMC Club Monthly Safety Meeting - All Pilots Welcome

The EAA VMC Club provides a "hangar flying" experience organized around visual flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences. We also have occasional guest speakers.

This month Dr. Peter Steinmetz will discuss his recent experience with engine failure in flight as well as how frequently these things happen and some suggestions on how to be prepared.

Bring your EFB, your experience, and your questions, and be ready to participate.

All are welcome. You do not need to be an EAA member to attend
