

IMC Club Monthly Safety Meeting - All Pilot Welcome

The EAA IMC Club provides a "hangar flying" experience organized around instrument flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences. We also have occasional guest speakers.

Title: "Slow Flow"

This Month: CFI-I Aaron Cremona will discuss monitoring engine performance and dealing with reduced power anomalies.
