

Flying Companion Seminar

Do you....Have a spouse or someone in your life who is a pilot? Wonder how you could assist your pilot or be a better passenger? Let your fear of flying keep you from going aloft with them? Want to learn more about airplanes and the exciting world of general aviation?

If so, the Ninety-Nine's Flying Companion Seminar is for you!

The Flying Companion Seminar is ***designed with the non-pilot*** in mind. Our goal is to help you become more comfortable in light aircraft and be able to have FUN! This ground-school only course covers topics such as:

- Reading a sectional chart.
- Figuring out where you are and where you are going.
- Finding an airport.
- Overview of basic navigation.
- Finding the nearest airport on the GPS.
- How to use the radios.
- What to listen for and how to talk to Air Traffic Control.
- Special frequencies for emergencies, lost communications and weather.
- Airport frequencies and where to find them.

...so you can enjoy flying more and be a better *Flying Companion*.

***The FCS will be a session at the 'Super Safety Seminar'
being planned by the San Diego Aviation Safety
Counselors and FAA FFAST Team on***

September 11th, 2010

at the S.D. Air & Space Museum Annex

Gillespie Field.

Please note: while the SSS is a free event this FCS seminar will require a \$59 registration fee for admission. Registration will be available online via the FAA via [this link](#) once the FAA has finalized their SSS schedule, and payment must be sent to the SD99s. Registration is tax deductible as the SD99s are a 501(c)3 organization.

Enrollment will be limited to 20 so the Companions can get the most out of this seminar, their personal interaction with the FCS staff and make it great learning experience. A minimum enrollment of 10 must be registered by Sept 1st, 2011 or the class may be cancelled.

For details on the S.D. Super Safety Seminar, visit the San Diego Aviation Safety Counselors homepage-
