

Aircraft Loss of Control (LOC), the Top Cause of Accidents

Hosted by The Palomar Airport Association
Avoid being a victim in aircraft accidents and fatalities. Become more familiar with situations and circumstances that might lead to a Loss of Control event (LOC).
Same familiar topic but with all new materials and a fresh presentation. Case studies will be discussed.

Directions: The Administration Building is the the first structure on the left as you enter Palomar Airport. Please park in long term parking just past the Admin building on the left, down the hill.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
