

## Mastering the Art of Instrument Navigation

Believing that safety and proficiency are developed through education and experience. Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. For the May meeting, we will discuss an actual scenario involving an IFR flight into Lebanon, NH (KLEB), ILS RWY 18. Please bring your "Electronic Flight Bag" if you have one (ForeFlight, WingX, Go Flight, etc.) to aid in the discussion. You do not need to be a member or instrument rated to attend.

**Directions:** Between I-15 and SR-163 on Aero Dr. across the street from Montgomery Field, approx 0.4 mi walking from Gibbs or 0.6 mi from the Terminal.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
