

San Diego FAAS Team presents:

Flight Instructor Open Forum - Transitioning: From Steam to Glass or Glass to Steam

This is a closed meeting for SDFTI Staff and Students only.

The purpose of this forum is to stimulate discussion regarding ways to increase the effectiveness of transition training. In the relatively short time that we have been flying with 'glass cockpits', what have we learned, and what are the important points to consider when transitioning from 'Steam Gauges to Glass Cockpits' and back?

FAASTeam Flight Instructor Open Forums provide an opportunity for Flight Instructors, Ground Instructors, Designated Pilot Examiners, and the FAA Safety Team (FAASTeam) to meet and discuss one or more of the Top 10 Causal Factors in General Aviation Accidents at each of the Open Forums

Directions: The Flight School is across the street from the entrance to Montgomery Airport. The ground school room is #103.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
