

FAASTeam - San Diego FSDO presents:

De-Myth-a-Flying: I really thought I knew that!

Rethinking the answers. So many of us really know what we were taught and what we learned from the folks we know. But, truth be told, there is a lot of bad stuff out there that was legitimately professed, but as the times have changed, so have our ideas about what is right, and what is not. This presentation is a wonderful, entertaining collection of myths that most pilots know to be true, and would willingly swear by them; but aren't! Many GA flight aspects are covered... Aero-medical, aerodynamic, Best Glide facts, Angle of Attack, Flight Controls, Aircraft Instruments, EGT use, Flight Controls, and more... Lot's of audience participation! >

Directions: I-805 South to 905, take 905 East toward Otay Mesa. Take the Britannia exit, turn left onto Britannia, turn left onto Otay Mesa Rd. Turn right at the stoplight at Cactus Rd into Brown Field entrance, turn right onto Continental St. Follow instructions at security gate to call EAA for entrance. Chapter 14 is next to Brown Field control tower.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
