

Around the World in a Piper Mirage

Join Robert DeLaurentis as he shares inspiring—and at times terrifying—adventures and insights from his recent circumnavigation of the earth. Whether in the air at 23,000 feet and 230 miles per hour living in a neoprene survival suit or on the ground meeting people from all walks of life, Robert's discovery that we are all citizens of the world with a purpose and dream bigger than we know will forever change the way you look at life.

Directions: Exit I-15 or SR-163 at Balboa Ave; go west from I-15, east from SR-163 to Ruffin Road, south on Ruffin Road to the first traffic light at Ridgehaven, turn west into the Solar Turbines parking lot.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
