

San Diego FAAS Team presents:

Flight Instructor Open Forum - The RISK BASED Flight Review

The purpose of this forum is to discuss the Flight Reviews. The FAA recognizes the importance of the Flight Instructor as an important ingredient in the prevention of Accidents and Incidents within the aviation community. Flight Reviews in the General Aviation world is a time when every Part 91 Airman has the opportunity to tune up proficiency and currency skills.

This topic is about RISK BASED Flight Reviews and offers the opportunity to reveal areas that need may need work by individual airmen.

Although this Forum is Open to ALL CFI's, non-CFI aviators can also attend this venue to help them understand the concept behind the Flight Review. Armed with this knowledge, they can help their Instructor build a training event to improve areas of proficiency that could help keep them out of trouble.

This program was produced by S.A.F.E. - Society of Aviation and Flight Educators. FAASTeam Flight Instructor Open Forums provide an opportunity for Flight Instructors, Ground Instructors, Designated Pilot Examiners, and the FAA Safety Team (FAASTeam) to meet and discuss one or more of the Top 10 Causal Factors in General Aviation Accidents at each of the Open Forums
